## CERTIFICATE OF COMPLETION

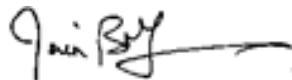

### **Michał Bartoszewicz (Poland)**

**has successfully completed the 9th EULAR Online Introductory Ultrasound Course**

The course is organized by the European Alliance of Associations for Rheumatology. It consists of 7 modules, offer theoretical basic skills on musculoskeletal ultrasound (MSUS) showing different joint sites, in healthy subjects and in rheumatic diseases. Each module includes an introduction to the subject, in-depth discussion, interactive cases and finishes with a self-assessment. One module corresponds to up to five hours of study, totaling a maximum 35 hours of educational training.

This certificate confirms that the self-assessments of all modules were made and the final examination, taken on 17 May 2021, was successfully passed with a score of 35.00 out of 45.00.

**Date of issue: 31 May 2021**
